A TRIBUTE TO PATRIOTSSM

Attack Helicopter Demonstration Team

VIETNAM

SCENARIO: "Good Morning, Vietnam!" Witness a narrated Air Cavalry day in Vietnam performed by the only remaining Vietnam combat-experienced attack helicopter demonstration team- "Triple Threat". Watch the tremendous low-level high-speed maneuvering of our authentic Army combat OH-6A "Loach" Scout helicopter as it searches out the elusive enemy under the watchful eyes of our two Cobra helicopter gunships protectively circling overhead. Be amazed at the extreme low-level maneuverability and 'fire-power' of the two Cobra attack helicopters as they swoop down to make multiple rocket and gun attacks with lots of pyro special effects.
